Memorandum

To: Director

From: Acting Superintendent, Yellowstone

Subject: Superintendent's Monthly Narrative Report for November 1963

General

Weather Conditions. Stormy conditions prevailed during the month. Snow fell throughout the Park. A total of 19½ inches of snow fell in the Old Faithful area, with approximately 11 inches on the ground at the end of the month. The maximum temperature at headquarters was 57 degrees on November 14, and the minimum was -5 degrees at Lamar and Northeast on November 29.

Travel. Visitors to the Park during the month of November numbered 1,307 in 363 vehicles.

All roads were officially closed to the public on November 22 because of hazardous conditions. The road from the North entrance to Northeast and Cooke City remain open all year.

Special Activities. Superintendent Garrison, Chief Ranger Wayne R. Howe and Biologist Robert E. Howe attended a meeting of the Jackson Hole Cooperative Elk Studies in Jackson, Wyoming, on November 12 and 13.

On November 6-7 Assistant Chief Ranger Kenneth R. Ashley and Fire Control Specialist Louis L. Gunzel attended the Fall meeting of the Intermountain Forest Fire Research Council at the Utah State University at Logan, Utah. "Fire Prevention" was the theme of the meeting. The present preventive programs such as Smoky Bear, Keep our State Green, etc., were analyzed in detail. One trend of thought advanced was that education programs may have reached a maximum effect and now is the time to stress law enforcement.

Calendar of Events report was submitted listing a Cornerstone Laying Ceremony for the new Mammoth Clinic and Open House at the new Mammoth School, tentatively scheduled for January 24, 1964.

A Dedication Ceremony for Bridge Bay is scheduled for June 14, 1964.

Conservation, Interpretation and Use.

Interpretive Services. Interpretive offerings ended early in November when all wayside exhibits were covered for the winter.

Interpretive Planning. Assistant Chief Park Interpretive Harry spent most of the month writing a manuscript on the mammals of the Park and selecting photographs for use in the book.

The South and North District Naturalists are working on interpretive prospectuses for each district.

Research and Observation. On or about November 20, the large "bench" or platform that had been in the process of forming on Minerva terrace for the past eight years collapsed. This drastically altered the flow pattern of the water and has left most of the beautiful pulpits and terraces on Minerva dry. This is typical of the rapid changes which make the terraces so interesting.

STEAMBOAT GEYSER continued its three eruptions a month, erupting on November 1, 11 and 26.

Concessioners. The Concessions Policies and Practices Report, due November 29 was delayed to include the report due December 15, by Civil Specialist Dr. Ralph D. Wilson. This professional report will include material and information pertinent to many of the items and considerations asked for in the subject report.

Yellowstone Park Company closed the mess facilities at Lake Lodge on November 22. This facility was held open to the general public, but operated mainly to feed employees of contractors working in the Lake area.

Opening and Closing dates and overnight accommodations rates were submitted by the Yellowstone Park Company, reviewed and approved by the Park. No increases were granted in rates for accommodations and favorable opening-closing schedules were established.

Transportation schedules, rates and general operations of the Yellowstone Park Company transportation system were reviewed and recommendations submitted to Midwest Region.

A motion made to the United States District Court for the District of Wyoming by the Yellowstone Park Company to join the Park as defendants in the Civil Suit between Yellowstone Park Ice Company and Yellowstone Park Company. Midwest Region and Washington Office were furnished copies of the Motion and advice requested from them.

Wildlife.

Antelope. Counts of from 30 to 90 have been made any day of November between Mammoth and Reese Creek.

Bear. A dead bear was discovered in a hot pool near Fort Pool on November 4. One black bear was observed at the Undine Falls parking area on November 7.

Bear Incidents:	Through November 1963	Through November 1967
Bear Injuries	38	42
Bear Damages	278	112
Bears killed for control	20	32
Bears killed by accident	15	8
Bears shipped to zoos	7	(not recorded)

The figures above reflect the total for the 1963 year and will not be included in future winter monthly reports.

Bighorn. Two sheep were seen in the Mammoth employee trailer court November 14. One ram observed near Slough Creek elk trap November 20-21. Eleven were observed near Coal Mine Flats, and 17 between Mammoth and Reese Creek on November 30.

Bison. Bison are moving to winter areas. Many have been observed in the Hayden Valley area.

Deer. The deer have moved into Park headquarters during the month. Seven were counted on the 15th and 21 on the 20th.

Elk. Biological elk collections were continued on a weekly basis with 18 elk being taken in four collections. Since July 1 a total of 93 elk have been taken for these studies.

Large numbers of elk have moved to lower winter range during the last 10 days of the month. One group of 54 elk and 11 bighorn were using the same critical winter range in the vicinity of the Coal Mine Flats on November 30.

Fish. Eight dead white fish with eyes and gills torn out were found in the confluence of Lewis and Snake River. Large concentration of Mergansers have been observed in this area.

Rattlesnake. A most unusual observation was reported by a Montana Power Company representative - he reported finding a rattlesnake in the Madison Junction Power house near a heater unit about the middle of November.

Discussion. [illegible]

Case 1. [illegible] discovered in a [illegible] [illegible] [illegible]

Ranger Service. Boundary patrols were made on horse, foot and skis throughout the hunting season.

Snake River Sub-District Ranger H. Thomas Billigan moved into Winter quarters at Moran, November 8.

Law Enforcement. One citation was issued for reckless driving on November 7. A hearing before U. S. Commissioner Brown is scheduled for December 2.

Weather Bureau. The weather station was set up for winter operation at Snake River Ranger Station and arrangements were made with Mr. James Brannen, U. S. F. S., for measuring snow courses.

Building Fire Protection. Fire brigade training for Mammoth personnel was held on November 5.

Public Affairs

Publicity. On each Thursday the Yellowstone Weekly News was issued to keep employees, concessioners and others currently informed of Park happenings.

One press release was issued citing closure of all roads except North entrance to Cooke City.

Religious and Chapel Use. Protestant services were held throughout the month.

It was with great sorrow that Yellowstone observed the day of mourning for President Kennedy with a memorial service held in the Yellowstone Park Chapel in Mammoth at 9:00 a.m., Monday, November 25. Gov. John Lee and Superintendent Lemuel A. Garrison conducted the service. Persons of all religious denominations attended the service.

Public Relations. Assistant Chief Park Naturalist Barry presented a talk to about 30 Park residents November 29. This special program concerned his participation last summer in the North Cascade study.

Contractors. All contractor activity has stopped for the season. Cave Construction Company continued dredging and placement of steel bulkheads at Grant Village until forced to quit on November 22 because of weather conditions.

Management Assistant Codbolt spoke on the "Future of Yellowstone" before the Montana Hotel and Motel Owners Association in Billings, on November 2.

[illegible]

[illegible]

[illegible]

Big Hole National Battlefield. This Monument was officially closed for the 1963 season on November 5 when Acting Superintendent C. A. Haas returned to his winter assignment at Yellowstone.

Omitted from October report. On October 25 Assistant Superintendent Martinek traveled to Sheridan, Wyoming and presented a noon program to the Sheridan Rotary Club. After showing the "Songs of the National Parks" slide program, there was a question and answer program which covered general Park information, travel statistics, new development, and our elk program plans. Attendance was about 100.

In the evening, the same slide program was presented to a joint meeting of the Casper Izaak Walton League and Audubon Society. Slide program was followed by a question and answer period of about 45 minutes. Attendance was about 250.
